

Regjun
Tramuntana

27TH SEPTEMBER - 1ST OCTOBER 2018

This International Festival is organised by the *Regjun Tramuntana* of Malta, EuroArt Production and Leon Promotions.

Malta, with its strategic position at the centre of the Mediterranean Sea, has always been a crossroad for exchanges of cultural diversity, also due to so many Nations who have ruled over this country along its history. This is why the island's folklore tradition is very old, strong and widespread. The aim of this International Festival is to make sure that the different folk traditions from all over the World meet up in Malta, for a reciprocal cultural exchange and enrichment.

Today Malta is definitely one of the most important countries in Europe's tourism sector. Rich in history and charm..... with a great sense of hospitality towards visitors and above all.. with a warm temperate climate. During the free time, it will also be possible for all the Festival participants to relax and explore the various unique cities and villages of this magical island full of history.

During the 4 days of this International Festival, parades and performances will be held in various locations around the island. All participant groups can perform both with their own live music or even with recorded music.
