## The location

**Taormina**, and its hinterland, are a wonderful piece of paradise located on the Ionian coast of Sicily. The mild climate, his panoramic position, his monuments and lush vegetation, have made of Taormina an exclusive resort appreciated worldwide. The city lies on a terrace overlooking the sea and Mount Etna, and its ancient theatre at the top of the rise, opens in a hug to the Ionian Sea and the scenic green

citrus groves. Goethe wove the praises of the city in his "Italian Journey", so Taormina became one of the preferred destinations of the Grand Tour, so popular among the intellectuals of that made a city exotic and whimsical and favoured the birth of numerous hotels.
